Catering

Boyles Market has been in business for over thirty years. In that time we have come to understand what our customers want. The best possible product at the best price. In those thirty years we have become a mainstay in the Arlington community. We are very proud of that fact and glad that you have continued to make us your deli of choice.

We have decided to expand our catering horizons and add to our existing menu selections. While we will continue to provide the same great quality at the same great prices we have always offered, we want to expand our selections as well.

If you have not tried our catered items then by all means ask someone who has. Most of our business is word of mouth, and that's how we like it. Repeat business is the best kind!

In closing, we would like to add that being in business for as long as we have means that we are doing things right. So let us do things right for you.
